## WINNER OF THE SWEDISH TRAV-KRITERIUM

### Swedish 3-Year-Old Trotter of the Year!

As a 3-year old, **CHELSEA BOKO** established himself as the standout leader of his generation. Despite tough trips he just crushed his opponents in both the Swedish Trav-Kriterium (Gr. I) and the E3 Final (Gr. I). Concluding his 3-year-old campaign, Chelsea Boko was elected for the divisional honours. As a 4-year-old he wasn't eligible to the Swedish Classics, which prevented him from further capitalizing on his status as the sole leader of the crop. However, that didn't prevent him from performing at the very highest level as an aged trotter. He's won a number of renowned races, both in Sweden and France, such as the Jämtlands Stora Pris (Gr. II) and the Prix du Plateau de Gravelle (Gr. III) at Vincennes.

### Legendary Maternal Family

Sire **CHOCOLATIER** has sired a number of trotting standouts, both in North-America and in Europe, with main characteristics as high starter percentages and even higher average earnings per foal. Dam **KELSEA BOKO** is nothing less than a legend in the Netherlands. She's practically won every Dutch Classic race, including the Dutch Derby in open competition. This Dutch *Hall of Fame* member wasn't only a standout at the racetrack, she's even excelled as a broodmare. She's a so called *100 percent producer*: her 10 living foals all managed to win.

Grandam **CHICKADEE HANOVER** is both a *Classic* and *Elite Mare* in the Netherlands, while this maternal line traces back to a true legend. No one less than **SOMOLLI** is the fourth dam.

### **Established Sire**

With just 4 very limited (commercial) crops of racing age **CHELSEA BOKO** has already established himself as an standout sire. His offspring is led by **MONASTERY BOKO** 4,1.11,7 (€ 249.620), the runner-up in both the Swedish Uppfödningslöpning (Gr. I) and the Håkan Wallner Memorial (Gr. I). The Swedish public finally seem to take notice of his exceptional production; 94% of his foals of racing age made it to the track! This year the Boko-consignment **REIGO BOKO** (Chelsea Boko- Sue Boko) was purchased by Robert Bergh for SEK.375.000 at the Elitlopp Sale, while Rolf "Readly Express" Andersson gladly paid SEK.160.000 for **REAGAN BOKO** (Chelsea Boko- Lucky Lavec) at the same auction.
